

App Center Lead Submission Process

Lead Submission Process

Step 1: Prospect clicks on Inquiry button via App Center listing

The first step is for a prospect to click on the Inquiry button via the unique App Center listing. Inquiries may be submitted by clients as well as Concur employees.

ExpenseIt from Concur

Turn receipts into reports in a snap.

ExpenseIt makes expense reports easier by doing a lot of the work for you.

Turn receipts into expense reports in a snap.

ExpenseIt Pro® works with Concur® Expense and makes it easier to manage your monthly T&E budget by making it easier for your travelers to complete their expense reports. Travelers simply snap a photo of a receipt with their smartphone, and ExpenseIt Pro auto-magically creates and categorizes an expense entry and even itemizes hotel bills. Your travelers don't have to do any typing to get an expense entry started, so expense reports get done faster, and you get a more accurate view into your T&E spend at the end of every month.

Get it done faster.

Employees spend minutes not hours on expense reports. No more waiting until they get back in the office to get their expense reports started. No more sitting down with dozens of receipts trying to piece together an expense report. No more excuses that the dog ate my receipt.

Step 2: Inquiry form submission

After clicking on the inquiry button the prospect is redirected to the App Center Inquiry form which is dynamic and customized for each partner. The prospect must then complete the form and submit it. After submitting the form the prospect will receive a confirmation page. Thereafter, they will be redirected back to the partner's App Center listing.
